

# Reporting Results

---

Please complete the following sections for both reports.

## A. Report WITHOUT CineCubes

Please complete this part without using CineCubes reports – just the simple querying interface

### Timing (**Plz., Remember to time yourself!**)

Start Time	End Time	Duration (mins)

### Key Highlights

Please give a **bullet list** of key findings (obligatory, as we will later ask you to rank the quality of your highlights)

### Free Text and Charts

Please give some textual description of your findings (obligatory) and, if you feel like it, any charts you think useful

--- SEE NEXT PAGE TOO -----

## B. Report WITH CineCubes

Please complete this part

- (a) in a different page. without looking to the previous results
- (b) without copy-pasting from above

### Timing (**Plz., Remember to time yourself!**)

Start Time	End Time	Duration (mins)

### Key Highlights

Please give a **bullet list** of key findings (obligatory, as we will later ask you to rank the quality of your highlights)

### Free Text and Charts

Please give some textual description of your findings (obligatory) and, if you feel like it, any charts you think useful

----- ONCE DONE:

Plz., go to <http://www.cs.uoi.gr/~pvassil/projects/cinecubes/userStudies/2014-01/>

And follow the link to the on-line **questionnaire**, where you will have to

- report on your times
- rate the quality of the highlights of both reports, as well as of the ones that the system generates.
- compare the quality of the two reports
