Quick Connection Guide Using Speed Dial

For details on operations, refer to the Operating Instructions (stored in the supplied CD-ROM).

To begin with

Turn on your Video Communication System and TV monitor, and check the following to ensure that connection is possible.
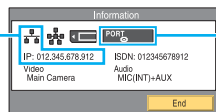

① Is the picture of your camera (local picture) on the monitor screen?

Note: Connection to a remote party is not possible if neither the IP address nor ISDN indicator is displayed.

② Select "Information" and press PUSH ENTER

③ **When using the LAN**

Is the LAN indicator highlighted and is the IP address displayed?

③ **When using the ISDN**

Are one or more ports of the ISDN indicator highlighted?
